

A QUICK LOOK AT THE SECOND PHASE OF THE EPIDEMIC

PROGRESSIVE 4-LEVEL REGIONAL ALERT AND INTERVENTION SYSTEM

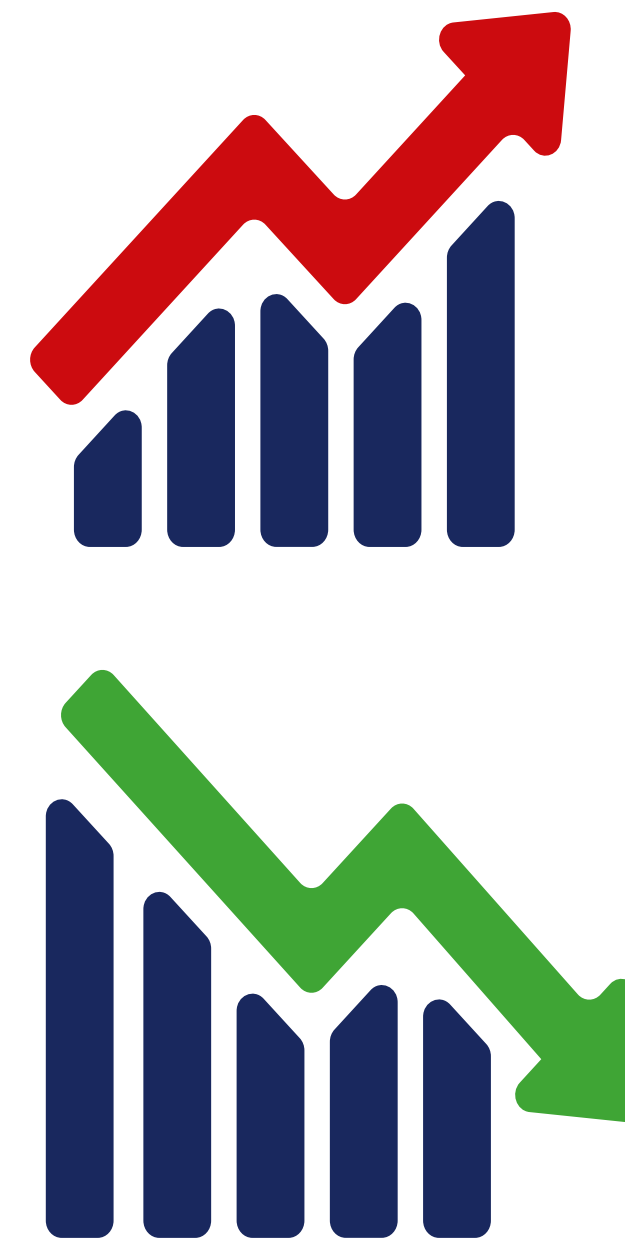

FACTORS GUIDING THE CHOICE OF LEVEL

CRITERIA

	LEVEL 1	LEVEL 2	LEVEL 3	LEVEL 4
1	EPIDEMIOLOGICAL SITUATION			
2	TRANSMISSION CONTROL			
3	HEALTHCARE SYSTEM CAPACITY			

TRENDS

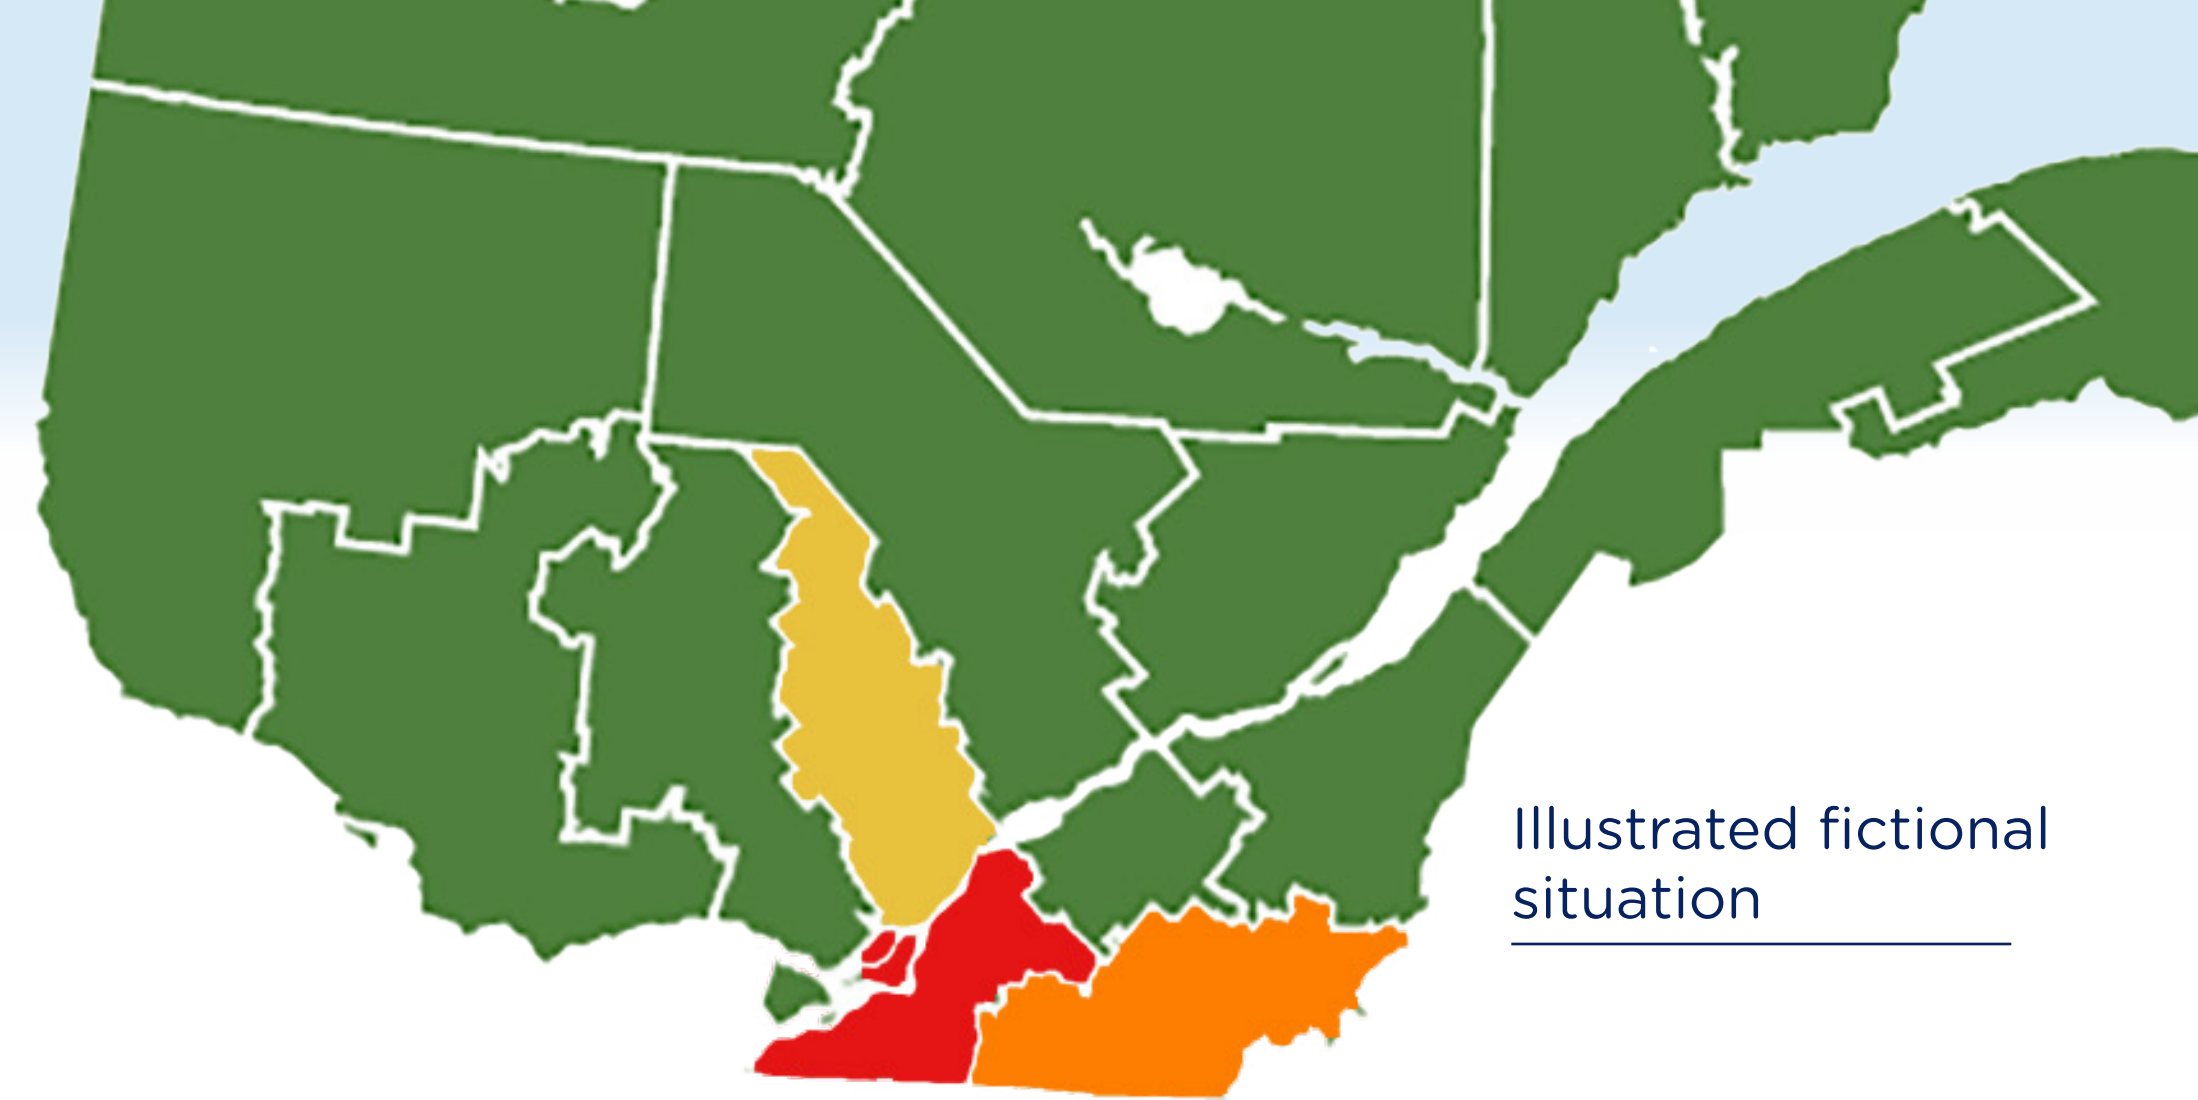

ALERTS BY REGION

(Illustrated fictional situation)

APPROACHES ARE ADAPTED TO DIFFERENT REGIONS AND SETTINGS*

SAMPLE MEASURES

LEVEL **Early Warning**

- Controlled access to some public settings
- More inspections
- Reaching out to various target groups to abide by protective measures

LEVEL **Moderate Alert**

- Maximum number of participants at organized activities in public venues lowered to 50
- Face covering at additional target venues becomes mandatory

LEVEL **Maximum Alert**

- Travel between regions for essential services only
- Additional limits on selected activities in public venues
- Reduced business hours in some sectors

* Temporary measures could only apply to specific settings based on observed transmission.
